

OUTDOOR

IP67 MAINS CIRCULAR LED GROUNDLIGHT (9 SMD LEDS)

White LED's	R10LED240S-01
Blue LED's	R10LED240S-07
Diameter(mm):	115
Depth(mm):	126
Cut-out in decking (mm):	100
Cut-out for sleeve (mm):	105
Total Power (W):	1.5
IP Rating:	67
Temperature rating (°C):	-20 < t _a < +40
Supply:	Direct 240vac
Pre-wired cable length (m):	3
Guarantee (yrs):	2
Weight (Kg):	1.5
Box Qty:	4

This larger high quality, attractive IP67 rated LED ground light utilises the latest energy efficient Surface Mount LED technology to provide a superb lighting effect whilst using the minimum electricity. Generally used outdoors with the supplied sleeve or in decking with the supplied clips, it also has many indoor applications in domestic, commercial or retail installations to illuminate:

- | | | | |
|----------------------|--------------------|--------------------|----------------|
| • Soffits | • Decking areas | • Patios | • Dance floors |
| • Paths and Walkways | • Steps and stairs | • Bars | • Trees |
| • Restaurants | • Shower rooms | • Shrubs & flowers | • Walls |

FEATURES	BENEFITS
<ul style="list-style-type: none"> Complete fitting kit <ul style="list-style-type: none"> IP67 Ground Light Mounting sleeve 3 Spring clips Integral driver Pre-wired with 3m rubberized mains cable 	<ul style="list-style-type: none"> Everything included <ul style="list-style-type: none"> Suitable for wet indoor or outdoor installations For installation in concrete, slab or other garden areas Ideal for decking to give high visibility light impact No separate driver connections or leakage issues No difficult internal connections required No damage to integrity of IP rating
<ul style="list-style-type: none"> Die cast aluminium body 3mm thick glass Grade 316 Stainless steel screws and 2mm thick trim 	<ul style="list-style-type: none"> Strong and durable Suitable for walk-over applications Will not rust Attractive finish
<ul style="list-style-type: none"> The fitting has 9 super bright 6000K colour temperature SMD (surface mount diode) LED's 	<ul style="list-style-type: none"> Provides tremendous light output with cool white light colour Very energy efficient Low power consumption only consuming 1.5W New SMD technology provides average of 30,000hrs LED life No maintenance or lamp changes through life
<ul style="list-style-type: none"> Available in white or blue LED's 	<ul style="list-style-type: none"> Choice of colour for desired lighting effect
<ul style="list-style-type: none"> Cool running 	<ul style="list-style-type: none"> Cool to touch – no burning effect Ideal where children may touch the heads or walk over in bare feet
<ul style="list-style-type: none"> No Infra Red or Ultra Violet content 	<ul style="list-style-type: none"> Will not damage heat sensitive objects Safe light source No fading effect on foliage or fabrics
<ul style="list-style-type: none"> Solid state technology <ul style="list-style-type: none"> No filaments to break No gases to preheat 	<ul style="list-style-type: none"> Filament breakage is a cause of many traditional light source failures – so provides longer life Suitable for PIR or time clock control Rugged and less susceptible to damage
